PROJECTS

ZenLens | Undergraduate Thesis (*Front-end Developer*)   **Jan 2023 – Present**
- A stress level detection webapp using Deep Learning for emotion classification. This was implemented using Figma, React.JS, CSS, and Firebase. The application provides users with stress-level insights through visual data analysis daily and weekly.

Sparkart | Personal Project   **Jun 2024 – Present**
- A web application, currently in progress, designed for selling/trading collectibles. As of the present, it functions as a photocard tracker/display for K-pop photocard collectibles. This was developed using HTML, CSS, and JavaScript.

ASCII Art Generator | Undergraduate Project   **Oct – Nov 2024**
- A tool developed to convert images into ASCII characters art using Python and OpenCV.

NaevisAsks | Undergraduate Project   **May 2024**
- An interactive quiz application built with Python, Streamlit and OpenAI's GPT-3.5, designed to challenge users' knowledge across various topics with a fun and engaging experience.

Mood.It | Undergraduate Project   **Nov – Dec 2023**
- A web application developed using Flutter that serves as a personal diary, allowing users to post and detail their "Mood" for the day. This journaling tool helps users record and assess their day, perspective, and emotions.

EXPERIENCE

Primof Funnel Marketing Solutions Inc.   **Jan – April 2025**
Intern
- Handled funnel creation and full-stack web development using GoHighLevel (GHL), from front-end to back-end implementation.
- Integrated AI-powered tools and automation into client funnel systems.

aespaverse Philippines - Iloilo | K-pop Fanclub   **Mar 2024 – Present**
Founder and Creative Content Creator
- Designed and produced creative materials, including pubmats and videos, for fan events and community projects.
- Led and managed large-scale events such as cinema block screenings with 200+ attendees and received positive feedbacks.

Technical Staff   **Mar – May 2022**
Creative Content Creator and Technical Support
- Provided technical and creative support during the 2022 presidential election, including video editing and promotional material creation in a local community.

Ang Pagbutlak | Governor Julian F. Pacificador National School   **Jul 2015 – Apr 2021**
Publication Staff Writer
- Layout and wrote feature, news, and editorial articles for school publication releases.
- Competed in writing competitions representing the school and won several awards.
